To whom it may concern,

Aquanique Ocean Club enjoys working with Blue Stream Fiber as our bulk TV service provider. We are a community who has many part time and senior residents on fixed income. In such difficult economic times, and with so many people with limited resources, it is important that we are offered bulk discounted rates. Our community depends upon, and greatly is benefited by the discount afforded by bulk rate service. Blue Stream and bulk rate service has made TV and internet accessible to all. Their customer service is excellent, as is their technical support. Having our building use a bulk rate package for all 112 condo units additionally assures us a dedicated account representative who is devoted to meeting our owners needs and maintaining excellent and high quality service. With out the bulk service our building would receive less priority and our 122 owners would pay substantially higher individual rates. We hope to keep our Blue Stream bulk rate service for many years to come.

Thank you ,
