To whom it may concern,

We hope this letter helps in understanding the importance of our ability as a Condominium Association to negotiate bulk agreements especially for internet and TV service.

Our residents at Mimosa Condominium benefit greatly by our ability to include all residents in the bulk agreement. Pricing is greatly reduced from everyday rates, more than 50% of what they would pay individually.

We feel if our association did not have the ability to negotiate bulk agreements for internet and TV service, many of our senior residents would have to drop either TV or internet service for many different reasons.

We at Mimosa Condominium consists of 221 units of which appreciate the time and money we are saving from being able to have a bulk agreement.

Thank you,
Mimosa Condominium Association
